

Key Issues:

- Cat B office 'Fit-Out' services installation
- Management and early handover of a Fast Track Programme
- Close liaison with the Building Management Team
- Installation of 2 new UPS Systems
- Procurement of all long lead Equipment and Specialist Sub-Contractors
- Close liaison with the Professional Team in relation to Client changes and requirements
- Full integrated system test completed on handover
- Adaption and integration with the existing installation
- Out of hours deliveries of materials and plant
- Full kitchen fit-out, fire rated ductwork
